SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

With the valuable assistance from the staff and the School Improvement Council, this report has been developed to share with you our challenges and our successes. To address our concerns in the area of reading, we implemented the coherent curriculum and provided trade books for all students in order to help build home libraries and promote reading. During the school year, we implemented the Voyager Reading Program, and the teachers used Scholastic Leveled Readers to strengthen students' skills. We also continued to utilize Reading Soul Mates and home reading programs as school-wide initiatives. In order to close the achievement gap in math, our teachers received continuous training in our new math series which aligns the state standards to our curriculum. Teachers also participated in four math trainings "Beyond the Classroom." Teachers were trained on how to strengthen their students' mental math abilities and how to use math manipulatives. To help our students improve their writing skills, teachers received training in the Write Traits + 1 Model, which is implemented across the curriculum.

In addition to implementing the strategies described above, Ellington was assigned an instructional coordinator to work with the staff on a regular basis. An instructional resource teacher was hired to provide instructional support for the staff and small group instruction to target students. The primary responsibility of the coordinator is to help teachers analyze data, plan instruction, implement the coherent curriculum, develop common assessments, and provide professional development. Finally, the teachers are provided with methods and strategies that are based on scientific research. We are confident that our students will continue to show gains on the state assessment due to our instructional focus and our rigorous staff development opportunities that are conducted throughout the year.
